

***YOU NEED A VOLUNTEER.....
Let us help...***

What does a Volunteer Centre do? We can help you

- *Find suitable volunteers through our volunteer brokerage service. We advertise specific volunteering vacancies and match them up with potential volunteers. We promote volunteering generally through marketing and promotion events such as national volunteers week and through regular material in the local press.*
- *Select suitable volunteers. We can advise on interviewing and selection procedures and we can help by undertaking some initial screening for you. We advise on references and other checks.*
- *Get your volunteers off to a good start. We can help with induction arrangements and training, including helping you find more specialist training.*
- *Keep your volunteers by advising you on how to support them effectively, including issues around expenses, benefits and insurance. Develop your work with volunteers. We keep a wide range of resources including publications on issues associated with volunteering. We also keep a stock of equipment for loan to help you recruit volunteers (display boards and tables etc)*

We operate an equal opportunities policy, a copy of which is available on request. We refuse any request for volunteering support which appears to be in breach of this. We cannot meet requests for volunteers to work outside the area served by the Centre. We cannot guarantee to find a suitable volunteer for any vacancy. All interviews with prospective volunteers are subject to our confidentiality policy.
